Initial Fee Chart

Use the chart below to determine the correct fee for application. The fee is based on your birth month and the month which you are applying. Add the fees if you are applying for multiple licenses.

Example: If you were born in October and you are applying in July, then the application fee is \$120. This license would be valid for 15 months. Each time you renew your license after your initial activation, your license will be valid for one year and will be subject to annual renewal in October (your birth month).

Month you are Applying
