The Kentucky Manufactured Housing Institute, in cooperation with the Manufactured Housing Section of Building Code Enforcement within the Department of Housing, Buildings and Construction, is providing online training opportunities to meet the requirements of becoming a Certified Installer or Certified Manager.

To sign up for the Manufactured Housing Educational Institute's course, Kentucky Manufactured Home Installation Online Training, follow the instructions below.

1. Go to <http://mhei.icceleration.com> and complete the following steps
 - Click "Register" to register on the site. Select your login name and password. Passwords need to be at least seven characters long and should include both letters and numbers. A course manual and state specific CD will be mailed to you at the address provided when you register on the site. You can begin the online course as soon as you register.
2. After you register on the site, login to the site with the user name and password that you have just created, and click on "Available Courses." Select the course titled Kentucky Manufactured Home Installation Online Training and complete the payment process.
3. After you have paid for the course, Click on "My Courses" and then under the course name click on "view course."
4. Each time you leave the online training site, your place in the course will be bookmarked, and will begin at that location the next time you login.
5. Beginning on page 3 of the course, please ensure you are hearing the audio. The course is timed and you will not meet the time requirement if you are not listening to the audio play through on each page of the course. Most of the content is delivered through narration by the instructor.
